

**SPECIAL for CHURCHES \$150. FOR BASIC 1-5 PAGE**

I will design a website for you and keep it updated. My websites are mobile friendly and work on cell phones and tablets.

PLEASE VISIT MY WEBSITE AT  
<http://www.hundredthousandbelow.com/>

My professional service fee to create a 1 to 5 page website will be \$150 for your congregation (normally \$250. to \$300. for a 1-5 page website design)

For this church special I will work with you to design a website for you. There is also a \$10. per month (\$120. a year) cost required to maintain me for my professional services. You send me any updates. I can put a Google Calendar on your website and any other links such as Facebook pages.

I use your photos or videos. The website will be mobile friendly for singles, couples or families looking for a church.

I am quick and efficient. Hosting cost \$8. month with Go Daddy with domain name. I can also host for free with my own hosting with a package deal of \$25. per month for the first year (this cost includes the website design thereby eliminating the \$150. upfront cost of design) and \$15. per month for the following years which includes the domain name. You send me the information. I design it and let you view the temporary website for you to make any suggestions as to edits, designs, colors etc. When you are satisfied we make your church website live for all to find your welcoming church.

PLEASE TAKE NOTE: I am the web designer and maintain the site for you but the website domain name will be in your name. I do all the work!

*Here are some websites that  
I developed and maintain-*

[Prairie Retreat](#)  
[Highland Lake Congregational](#)  
[Congregational UCC-Faribault](#)  
[Project Lite](#)  
[Elk Creek Resort](#)  
[Buffalo Dreamers](#)  
[JP RANCH-horses for sale](#)  
[Black Hills Motorcycle Show](#)  
[South Park UCC](#)  
[Break Through, Inc.](#)  
[BB Techweld](#)  
[Blackhills Engineering](#)  
[Amery Housing Authority](#)
